EDUCATION

Hồ Chí Minh City University of Technology and Education

Aug 2012 - Aug 2016

Major: Mechatronics

GPA: 7.0/10

OBJECTIVE

I want to learn more to become a good mechatronic engineer. In the future will become good leader. From that, I will contribute to development of company.

WORK EXPERIENCE

Final project in University

Feb 2016 – Jan 2018

RESEARCHING, DESIGN, MAKING PCB LED AUTOMATIC MACHINE

Main responsibilities:

- Through the survey and researching, I proposed the test method which is suitable for the machine.
- Designed the mechanical of the machine.
- Programmed the machine to work automaticlly.

Result:

- The machine has been installed and work stably in Dien Quang Company, it replaces workers in product's quality checking.

After graduation

- I worked at Dien Quang Company about 2 year.

Position: **R & D engineers** (Research and Development) .

Mechanical and Electronics design.

- Currently, I am working at Dong Viet Electronic Solutions Company.

Position: **R & D engineers** (Research and Development) .

Mechanical and Electronics design, layout PCB.

ACTIVITIES

KHT HCMUTE LAB (Young Scientist Lab)

Member

- Study, research and make plan of activities for a group in the club.

SKILLS

Language

Communication English Basic and Japanese Basic.

Software Program

Altium design ,AutoCAD, SolidWorks, PLC, C++ programming language.

HOBBIES

Computing.

Swimming, Soccer.

Socialising with friends.
